★ ICPC History in Meiji University

Meiji University's teams have advanced to Asia Regional Contest since 2004!

★ Outline

1. ICPC history in Meiji University
2. Context of the contest in Meiji University
3. My activity for contestants
4. My hope

★ Context of the contest

There is no...

- any programming contest circle
- any class for programming contest

★ Context of the contest

Programming Contest

- held in Department of Computer Science
- held every year
- held as an ICPC Domestic Contest
- awards prizes for top 3 teams

★ Context of the contest

How is the contest announced?

- at sophomore class's lecture
- at college portal site
- at our laboratory

★ Outline

1. ICPC history in Meiji University
2. Context of the contest in Meiji University
3. My activity for contestants
4. My hope

★ Difficulty of participation

- Contest detail is not enough known
- A team needs 3 members

Difficult for a student to participate

★ Introduction to Study Meeting

- Study Meeting for ICPC by Students
 - Study of Algorithms, Discussion for problems..
 - To advanced to Asia Regional Contest
- Welcome for beginner
 - We lecture for each students
 - students can know contest detail

★ Help to make a team

I help them make a team

- force friends to join → the problem of team balance
- to make friends with students interested in the contest →

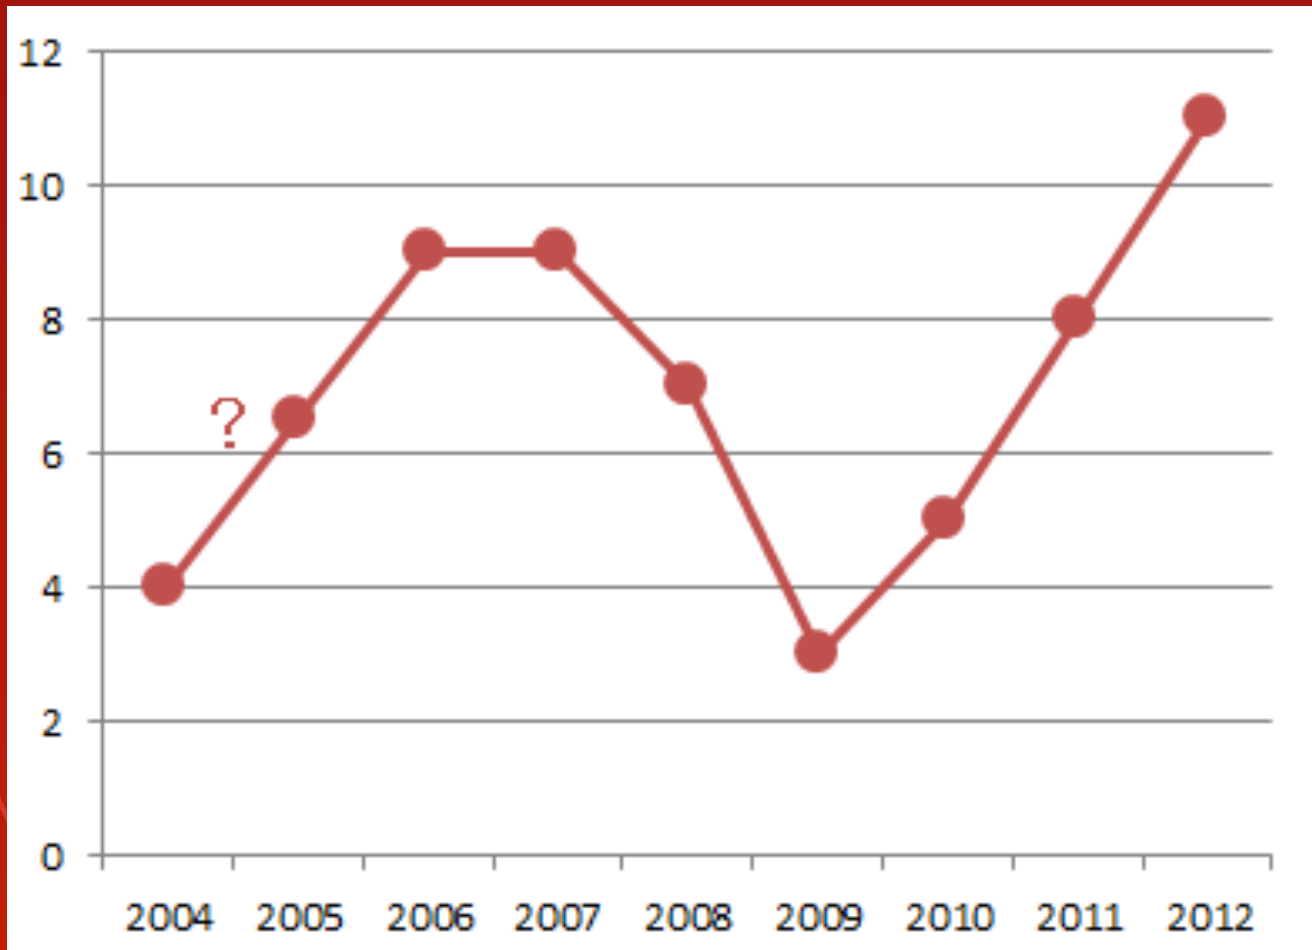

★ My Episode

My team needed 1 member...

A student is introduced to us

He is my colleague and my best friend

★ The number of participating teams

★ Outline

1. ICPC history in Meiji University
2. Context of the contest in Meiji University
3. My activity for contestants
4. My hope

★ My Hope

The number of participating teams was only 3 in 2009

I worried about the future of Meiji University's ICPC community

★ My Hope

Someone say,
"ICPC must be more seriously."

But I think...
Students are free to participate
Students "enjoy" the contest !

★ Thank you for your attention
